[Twitter list of the Protect Our Care Coalition members]

### Objective

Protect Our Care Illinois (POC-IL) will galvanize support to protect the Affordable Care Act and Medicaid in Illinois by building and strengthening our online presence, reach and influence among target audiences including:

- Policymakers – including Illinois Members of Congress, state legislators, Governor Rauner
- The Media
- Community and grassroots organizations
- Individuals

### Strategy

We will build and strengthen POC-IL's online presence, reach and influence by:

- Leveraging social media platforms to build new friends and followers
- Engaging individuals and influencers online and encouraging them to disseminate POC-IL's messages via Twitter, Facebook and their websites
- Maintaining a consistent output of information
- Engaging others who are using the #ProtectOurCare hashtag. (Don't just talk – listen and respond).

### Key Messages of POC-IL

- Repealing the ACA without an immediate replacement is dangerous.

- More than 1 million Illinoisans could lose coverage in the first year following a repeal.
- Everyone is at risk of losing vital protections and seeing premiums increase by 25% or more. Every community in Illinois – rural, urban, small town, Republican or Democratic – would see enormous and swift damage to their health care if the ACA is repealed and the Medicaid expansion ends.
- The ACA is incredibly successful in providing affordable, high quality coverage. It directly insures more than 1 million people.
- Challenges in the healthcare system are better addressed with the ACA as a foundation, not by injecting chaos into the health care system first.
- Repealing the ACA would devastate the already fragile Illinois economy by causing the loss of 114,000 jobs, while business output would drop by \$66.1 billion

## Children's health insurance coverage has reached historic levels in the U.S., thanks to Medicaid, CHIP, and the ACA.

- Don't mess with success. Medicaid, CHIP and ACA work for IL kids. #KeepKidsCovered #MedicaidMatters
- Federal Medicaid caps will result in MUCH higher rates of uninsured children in IL. #KeepKidsCovered #MedicaidMatter

- Tens of thousands of IL children stand to lose access to health care if @(insert name) votes to cap Medicaid funding. #KeepKidsCovered #MedicaidMatters

**Medicaid helps children grow up to reach their full potential.  
Children enrolled in Medicaid:**

Miss fewer school days due to illness or injury

Do better in school

Are more likely to graduate high school and attend college

Grow up to be healthier as adults

Earn higher wages

Pay more in taxes

- Medicaid is a smart investment in the future of IL children. @ (insert name) please work to keep Medicaid strong! #MedicaidMatters
- We must keep Medicaid & CHIP strong to keep IL kids on the right track. #KeepKidsCovered #MedicaidMatters

**Medicaid and ALL Kids (CHIP) serve Illinois' most vulnerable children.**

A large share of at-risk children rely on public coverage, as reflected by the percentage of Illinois children in each group below that depend on Medicaid and ALL Kids (CHIP) for health care they need to thrive:

**84%**

Children living in or near poverty.

**45%**

Infants, toddlers, and pre-schoolers during the early years that are key to their healthy development and school readiness.

**42%**

Children with disabilities or other special health care needs such as juvenile diabetes, congenital heart conditions, or asthma.

**100%**

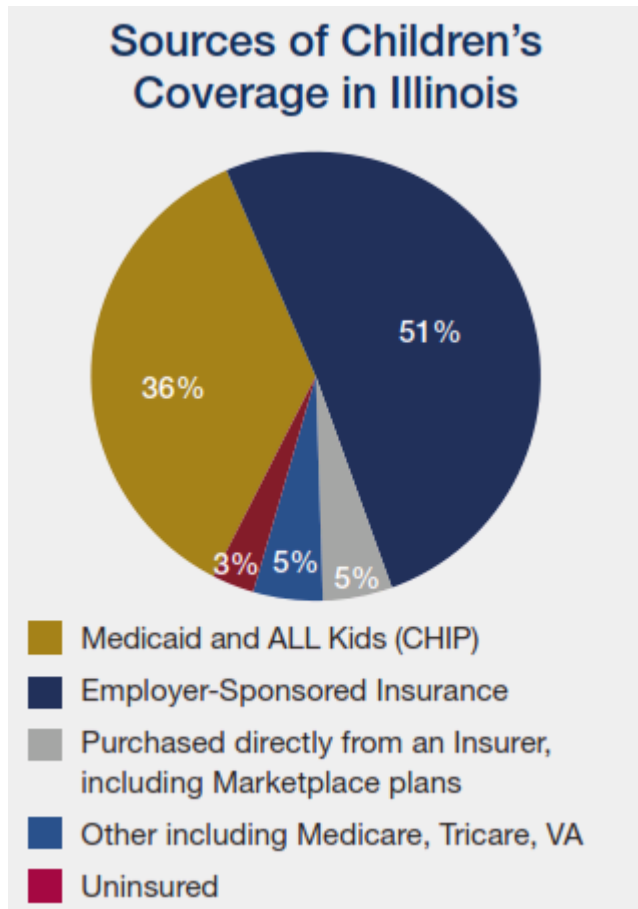

Children in foster care who face poverty, family dysfunction, neglect, and abuse that result in high rates of chronic health, emotional, and developmental problems.

**50%**

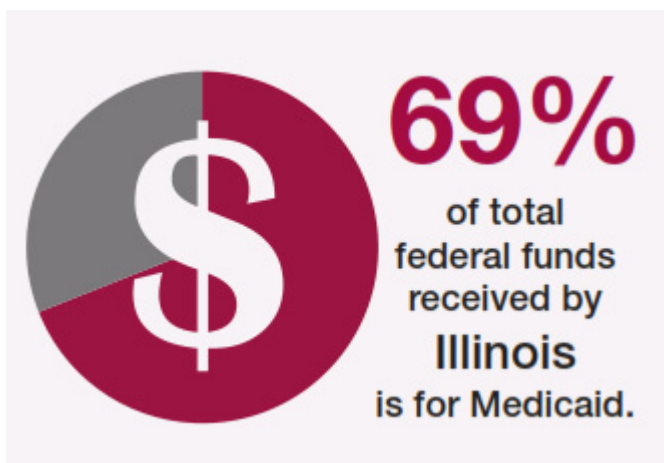

Newborns in low-income families to assure a healthy delivery and strong start during their critical first year of life.

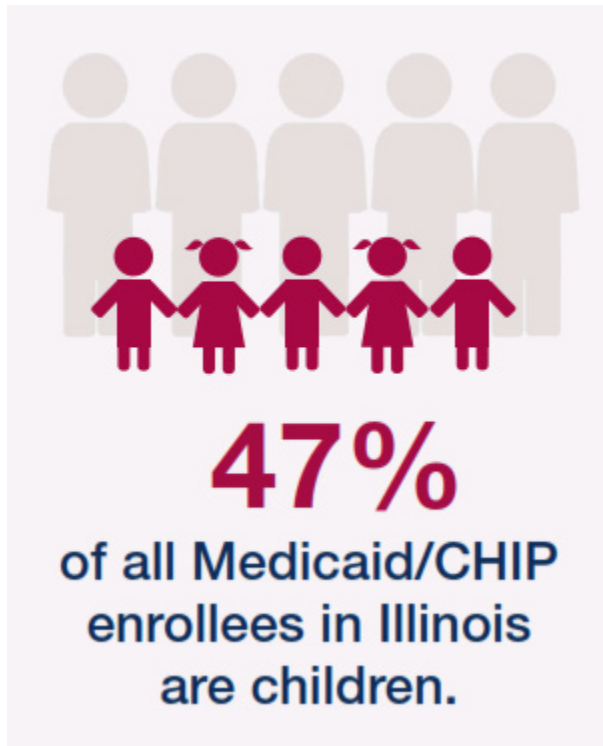

- Medicaid & CHIP work hand-in-hand to protect our most vulnerable kids. #ProtectOurCareIL #KeepKidsCovered
- Medicaid helps 50% of newborns in IL get a healthy start in life. #ProtectOurCareIL #MedicaidMatters
- Medicaid & CHIP help kids get care they need to manage asthma, juvenile diabetes & more. #MedicaidMatters
- 45% of IL infants, toddlers & pre-K kids are covered by Medicaid & CHIP. #KeepKidsCovered #ProtectOurCareIL #MedicaidMatters
- Fact: If Congress votes to cap Medicaid IL will have to make [MAJOR cuts to health care benefits for kids with disabilities](#). #ProtectOurCareIL
- Fact: Federal Medicaid caps will mean that IL will have to [ration health care services to sick children](#). #KeepKidsCovered #ProtectOurCareIL
- Fact: With proposed Medicaid caps Congress says IL will have “flexibility” but what they actually mean is flexibility to cut critical services for kids.

- To #KeepKidsCovered, Medicaid and CHIP must be fully funded. #ProtectOurCare #MedicaidMatters

- Congress is trying to cap Medicaid funding to IL. That would leave an even bigger hole in our state budget. #ProtectOurCareIL
- If Congress cuts Medicaid funds to IL, it will make it even tougher to fund education, public safety and other important priorities. #ProtectOurCareIL

- Capping federal Medicaid funds to IL would hurt kids. Hands off our Medicaid. #ProtectOurCareIL
